Dear GV Members,

We welcome back our members and volunteers who were traveling this summer! We hope you had great trips and we look forward to hearing about your summer adventures. We have missed seeing you at our programs and hope you will be actively participating now that you are back in town.

We have many exciting programs planned for this month, including a trip to a vineyard in Virginia. As we have done in the past, we have a van to take our members to the vineyard and participation is limited to 12 passengers. We will start a waiting list once the van is filled and, if there is enough interest, order a second van.

This month, our Health Committee is hosting a hybrid discussion. Join us at the Village Square on Tuesday, September 12, at 10:30 am to meet Dr. Fred Rickles, and other members of the committee in person, discuss community health concerns, and learn the best ways to stay healthy throughout the fall and winter.

Our Tech Hub is buzzing this month with our popular drop-in sessions, as well as our CCC program! By the end of the month you will be able to impress your friends with your increased skills and knowledge.

We know that the Jewish New Year begins the evening of September 15, and the GV Board joins our staff in wishing those of you who celebrate a Happy and Healthy New Year. May the Hebrew Year 5784 be a prosperous one for you and your families.

All the best,
Lynn

**Lunch & Wine Tasting at
Chrysalis Vineyards-meet at
GV office for transportation**

**Drop-In Tech Assistance
September 6 & 19 2-4 pm
GV Square**

This is an opportunity for GV members to stop by with their portable electronics and their questions. Our volunteers are happy to answer your questions and teach you some new ways to use your devices. Our volunteers can also help you find new apps that will save you time, and help you keep track of your appointments more efficiently.

Join us with your phones, laptops, tablets, or other electronic devices with which you would like some extra assistance. No rsvp necessary, just stop by!

**CCC Program: Adults Conquering Technology
Victor Rezmovic
September 27-5:30 pm
Meeting ID: 810 4155 7799 Passcode: 456541**

Join us to learn how you, too, can conquer technology! Although most of us are digital immigrants, not having grown up with technology, we **can** conquer technology and learn to make it work for us and better our lives. This presentation is part of Georgetown Village's ongoing efforts to help demystify technology and assist our members to comfortably advance their technological skills.

Victor Rezmovic, PhD, is a technology educator who has spent the last 30 years in academic, corporate, and governmental settings. Since taking apart his first PC in the mid-80s, Victor has followed the technology revolution as email, the Internet, digital music, Netflix, and Amazon have become part of our daily lives. In addition to teaching at Montgomery College and Ollie, Mr Rezmovic has lectured for other Villages in DC to rave reviews.

**Van Trip to Chrysalis Vineyards
39025 John Mosby Highway, Middleburg VA 20117
September 28 11 am - 3 pm**

We are repeating our popular trip to a Virginia vineyard, this time to Chrysalis Vineyards. Their vision is, "To proudly restore Virginia wines to world renown, and celebrate the homecoming of Norton, The Real American Grape!"

Participants will have the opportunity to participate in a wine tasting, get a glass of wine, or have a nice lunch with us, no wine purchase required! The lunch menu, prepared by *The Polished Foxx*, looks very nice, and we will be linking to the menu in our weekly emails.

The cost of the van transportation will be \$30 a person, and members are responsible for the costs of their lunch and/or wine purchases. We are leaving the Village office at 11, you can leave your car in the parking lot all day. You are also welcome to meet us there.
